Creating custom graphics for your feed is fun, great for building your brand, and an easy way to improve the quality of your shows. Here are some of our favorite models to help you achieve this wow factor. Top Live Video Overlay Templates by Envato Elements With Envato Elements, you can download as many templates and assets as you like from the massive organized library, at a low monthly cost. Here are eight top choices to check: 1. Line Editor (Broadcast Pack) This pack includes openers, transitions, lower third parties, animated backgrounds and more. You won't need plugins to use the models, and it's easy to customize and change colors. 2. Online Live Streaming Pack Include watch counters, emojis, comment bars and more with the live online streaming pack3. Ink (Broadcast Pack) Add a little retro feel with this ink scattering model. It includes bugs, schedule screens, transitions and more. Ink (Broadcast Pack)4. Clean TV - Stylish Broadcast Pack Clean and modern, this pack would be suitable for a range of streams and shows. Although it has a minimal style, color blocks help add interest without being too distracting, and you can change that color to anything that fits your brand. Clean TV - Elegant Broadcast Pack5. ToonShow (Broadcast Pack) With bright colors and beautiful, crazy shapes, this would suit fun and light shows. There are 19 toon effects included in the pack, as well as a multitude of useful things like an opener and transitions. ToonShow (Broadcast Pack)6. Elegant TV - Business Broadcast Pack7. Elegant TV - Business Broadcast Pack8. Modern TV - Fashion Broadcast Pack A simple but effective design, modern TV would work well with fashion lifestyle shows. The colors used are rich and expressive without diverting attention from your content. In addition to the usual elements of the broadcast pack, this download also includes some bonus social media icons. Modern TV - Fashion Broadcast Pack9. Stream Package Upbeat with Fat Fat Stream Package for After Effects has everything you need for your broadcasts like from soon screen, panels and transitions. 10. Esport Broadcast Package This is a high quality, super cool game on the stream topic. It is high energy and makes a statement, including a huge amount of items like loop backgrounds, a variety of lower third options, player stats, and team.
